Reurlet 8/20/68.

Pursuant to your request therein you are authorized to designate subject as a Bureau-approved PSI and proceed with his development. Insure he understands the confidential nature of the relationship, that his activities are strictly voluntary and that he should not consider himself as an employee of this Bureau. In your contacts with him, take the necessary precautions to make certain he is not a plant and follow instructions in Section 107, Manual of Instructions, in your future handling of this matter.

Submit initial justification for continuance to reach Bureau six months from the date of this letter and each six months thereafter.

JEO:sed (5) *Red*

NOTE: Relet requested authority to designate subject a PSI. Subject, aged 49, a Cuban national, first entered U.S. in 1960. He is a well-known anti-Castro refugee whose name and address were mentioned by Jose Carbonell Marrero in secret messages to Cuba. Carbonell, a self-admitted former agent of the Cuban Intelligence Service, identified subject as an unwitting source for information forwarded to Cuba clandestinely. Subject denied knowing Carbonell and could not identify his photograph.

Subject is presently employed as a general maintenance man by the Montamy Country Club, Alpine, New Jersey, and serves as a military secretary of Brigade 2506 in New York City.

Subject was cooperative when interviewed and is making an affirmative effort through his associates and contacts in the Cuban field to actively obtain and furnish current information of intelligence value to the New York Office. Logical background investigation conducted; no derogatory information developed concerning his stability and reliability.
